Resources for Transportation Construction Projects in the CA-MPO Area

Virginia Department of Transportation

Virginia has the third-largest state-maintained highway system in the country, behind Texas and North Carolina. The Virginia Department of Transportation (VDOT) is responsible for building, maintaining and operating the state’s roads, bridges and tunnels. VDOT is broken up into nine highway districts and the Charlottesville Albemarle MPO falls under the Culpeper district.

The Culpeper District of the VDOT encompasses the counties of the upper Piedmont, including:

- Albemarle
- Culpeper
- Fauquier
- Fluvanna
- Greene
- Louisa
- Madison
- Orange
- Rappahannock

There are 70 miles of interstate highways, 732 miles of primary roads and 4,153 miles of secondary roads in the Culpeper District.

You will find updates and information on road construction projects on VDOT’s [Culpeper District construction](#) webpage. Some of the projects you might be interested in are:

- Route 29 Solutions
- Albemarle County Design-Build Projects (6)
- Route 726 (James River Road), Albemarle County
- Route 240/250/680 Roundabout, Albemarle County

If you have questions about transportation projects in our area, you can call the Culpeper District office at 540-829-7500.
Albemarle County

Albemarle County’s Construction Management Division also manages some transportation projects through the County’s Capital Improvements Program (CIP). The CIP serves as a planning and implementation tool for the acquisition, development, construction, maintenance, and renovation of public facilities, infrastructure and capital equipment.

You will find updates and information on Albemarle County construction projects in their Quarterly Capital Projects Status Reports. Some of the projects you might be interested in are:

- Commonwealth/Dominion Sidewalks
- Ivy Road Sidewalk Improvements
- Library Ave Extension
- Rio Road, Avon Street, and Route 250W-Crozet Sidewalk Improvements

Information about these projects can be found in the Quarterly Capital Projects Status Reports. If you have questions about Albemarle County projects please contact Facilities Planning & Construction at 434-872-4501 or email the Department.

The City of Charlottesville

The City of Charlottesville’s Transportation Department is responsible for managing transportation projects of all sizes - from standalone bicycle and pedestrian projects to multi-modal roadway projects.

You will find updates and information on the City of Charlottesville’s City’s Operations Viewer and Transportation Projects web pages. Some of the projects you might be interested in are:

- (ACTIVE) Belmont Bridge Replacement
- (ARCHIVED) Belmont Bridge Replacement
- West Main Streetscape
- East High Streetscape
- Emmet Streetscape
- Fontaine Avenue Streetscape
- Barracks-Emmet Intersection Improvement

If you have questions about the City of Charlottesville projects please call Facilities Development at 434-970-3302 or email Facilities Development.
