		minutes per speaker

^{*} A recommendation to the Policy Board and/or vote is expected for this item

Upcoming Meetings:

MPO Policy Board (4th Wednesday): May 26th at 4pm MPO Tech Committee (3rd Tuesday): July 20th at 10am

MPO Technical Committee

10:00 AM Tuesday, May 18th, 2021

The Governor has declared a state of emergency due to the COVID-19 pandemic and the nature of this declared emergency makes it impracticable or unsafe for the CA-MPO Technical Committee to assemble in a single location. This meeting and the required public hearings will be held utilizing electronic virtual communication with the Zoom software application and in accordance with virtual meeting procedures and policies as outlined in Item 4.0-01 of the Virginia state budget (HB 29), as effective April 24, 2020. The meeting will be recorded and made available to the public at www.tjpdc.org.

Regional Vision • Collaborative Leadership • Professional Service

MPO Technical Committee Meeting

Minutes, March 16, 2021

VOTING MEMBERS & ALTERNATES		STAFF	
Alex Ikefuna, Charlottesville	Х	Jessica Hersh-Ballering, TJPDC	х
Jeanette Janiczek, Charlottesville	Х	Sandy Shackelford, TJPDC	x
Rory Stolzenberg, Charlottesville PC x		Lucinda Shannon, TJPDC	x
Kevin McDermott, Albemarle x		Gretchen Thomas	x
Dan Butch, Albemarle	Х		
Tim Keller, Albemarle PC	Х	Non-Voting Members	
Chuck Proctor, VDOT	Χ	Tony Cho FTA	
Stacy Londrey, VDOT (alternate)			
Christine Jacobs, TJPDC	Х		
Stephen Johnson, Jaunt	Х	GUESTS/PUBLIC	
Bill Palmer, UVA	Х		
Patrick Clark, UVA (alternate)	Х		
Juwhan Lee, CAT	Х		
Wood Hudson, DRPT	Х		
Sara Pennington, Rideshare	Х		
Richard Duran, FHWA			

Note: The Governor has declared a state of emergency due to the COVID-19 pandemic and the nature of this declared emergency makes it impracticable or unsafe for the Thomas Jefferson Planning District Commission to assemble in a single location. This meeting was held utilizing electronic virtual communication with the Zoom software application, and in accordance with virtual meeting procedures and policies as outlined in Item 4.0-01 of the Virginia state budget (HB29), as effective April 24, 2020. A recording of the meeting was made available to the public on March 9,2021 at https://www.youtube.com/watch?v=q-kfKHk5PKM&feature=youtu.be&ab channel=TJPDC-MPO.

1. CALL TO ORDER:

The MPO Technical Committee Chair, Rory Stolzenberg, presided and called the meeting to order at 10:07 a.m. Jessica Hersh-Ballering read the Notice of Electronic Meeting and Commissioner and Public Protocol, took attendance by roll call, and certified that a quorum was present.

2. MATTERS FROM THE PUBLIC:

a. Comments by the Public: None

b. Comments provided via email, online, web site, etc.: None

3. Approval of Draft Meeting Minutes

Motion/Action: On a motion by Kevin McDermott, seconded by Chuck Proctor, the committee unanimously approved the minutes of the January 19, 2021 meeting.

4. CAMPO LEADERSHIP TRANSITION:

Christine Jacobs introduced her self as the Interim Director of TJPDC and stated that she will be participating as a member of the Metropolitan Planning Organization until further notice.

5. <u>ALBEMARLE COUNTY FUNCTIONAL CLASSIFICATION CHANGES:</u>

Mr. McDermott presented the committee a map showing the roads Albemarle County would like to upgrade to arterial roads. He noted they all meet the criteria to do so. The County needs a resolution from the Policy Board with a recommendation to FHWA for the upgrade.

Motion/Action: On a motion by Tim Keller, seconded by Juwhan Lee, the motion passed with Rory Stolzenberg voting no, and Wood Hudson and Chuck Proctor abstaining.

6. Unified Planning Work Program (UPWP) FY22

Sandy Shackelford explained the UPWP and its budget. She noted there was approximately \$50K not yet budgeted and presented the committee with two options for projects to undertake with additional monies.

Motion/Action: After much discussion, Mr. McDermott made a motion to support option A, an analysis project regarding bike and pedestrian crashed throughout the MPO area, and will also include a safety and equity focus. Ms. Jacobs seconded the motion and the motion carried with Stephen Johnson and Juwhan Lee voting no, and Wood Huson and Chuck Proctor abstaining.

7. SMART SCALE ROUND 5

Ms. Shackelford explained the Smart Scale process and that Round 5 will be submitted in 2022. She shared the timeline from March 2021 to March 2022, when pre-applications are due. She also presented project identification criteria and shared a list of potential projects. She asked the committee to look at the list and come back to the next meeting with their thoughts, or send her an email with any recommendations.

8. North 29 Corridor Study

Lucinda Shannon explained the study's purpose to include transit, bike and pedestrian transportation. She updated the committee on the timeline, progress made and the next steps.

- 9. ROUNDTABLE DISCUSSION: None of the committee members had anything additional to contribute.
- 10. Matters From The Public: None.

ADJOURNMENT: Mr. Stolzenberg adjourned the meeting at 11:54 a.m.

Committee materials and meeting recording may be found at https://campo.tjpdc.org/committees/technical-committee/

Memorandum

To: CA-MPO-Committees

From: Lucinda Shannon, Senior Regional Planner

Date: April 12, 2021

Subject: CAT Adjustments to the Transportation Improvement Program (TIP) FY21-24

Purpose: To inform CA-MPO Committees about adjustments made to the TIP.

Summary: Charlottesville Area Transit made two minor adjustments.

First, The Virginia Department of Rail and Public Transportation moved all Flexible STP funding to FTA 5339. The CA-MPO adjusted the TIP to reflect this in all the CAT blocks that had Flexible STP funding. The effected projects are listed below.

- CAT0002, FY21 (\$1,226,138), FY22 (\$1,484,454), FY23 (\$1,774,281), FY24 (\$2,284,386) moved to 5339
- CAT0003, FY21 (\$1,712,107), FY22 (\$2,655,640), FY23 (\$3,024,437), FY24 (\$0) moved to 5339
- CAT0009, FY21 (\$48,440), FY22 (\$0), FY23 (\$0), FY24 (\$0) moved to 5339
- CAT0011, FY21 (\$390,125), FY22 (\$0), FY23 (\$0), FY24 (\$0) moved to 5339
- CAT0017, FY21 (\$476,000), FY22 (\$109,038), FY23 (\$0), FY24 (\$0) moved to 5339
- CAT0020, FY21 (\$174,201), FY22 (\$0), FY23 (\$0), FY24 (\$0) moved to 5339

Second, CAT moved their FY22 funding to FY21 in block CAT0011, Purchase Shop Equipment. The original and updated blocks are below.

NEW TIP BLOCK

Memorandum

To: CA-MPO-Committees

From: Lucinda Shannon, Senior Regional Planner

Date: April 12, 2021

Subject: Jaunt Adjustments to the Transportation Improvement Program (TIP) FY21-24

Purpose: To inform CA-MPO Committees about adjustments made to the TIP.

Summary: TIP project amount must at least equal the funding that is requested from the FTA. Several of the Jaunt project funding amounts had to be increased slightly to reflect what may be applied for. The following four adjustments were made to the TIP in April.

- JNT0002, increase FY22 funding \$164K (increase FTA 5311 \$132K, State \$26K, local \$6K), replacement buses < 30'.
- JNT0009, add FY22 funding \$57K (add FTA 5311 \$46K, State \$9K, local \$2K), to renew a contract for fleet operations software.
- JNT0015, increase FY22 funding \$5K (increase FTA 5311 FY22 \$4K, State \$1K), support vehicle replacement.
- JNT0019, move FY22 funding \$71K from FTA 5310 to FTA 5311, funding source change, mobility management project. No change to total funding.

The original and new blocks are below.

NEW TIP BLOCK

Description:	•	Adjustment 4, Increase FY22 funding \$164K (increase FTA 5311 \$132K, State \$26K, local \$6K), replacement buses < 30'.							

POB 1505, 401 E. Water St, Charlottesville, VA 22902 www.tjpdc.org (434) 979-7310 phone • info@tjpdc.org email

Jaunt operates 89 buses and seeks funding every year to replace existing buses that have reached the end of their "Useful Life." Useful Life is a term defined by the Federal Transit Administration (FTA), which dictates consistent criteria used to determine when to allow a vehicle to be replaced. Typically, it is based on criteria provided by a manufacture in regards to the expectations on how long a vehicle can continue to safely operate under normal operating conditions.

Most of Jaunt's fleet are Body-On-Chassis (BOC) type vehicles. The Useful Life is 5 years or 150,000 miles. Based on 89 vehicles and a Useful Life of 5 years, Jaunt expects to replace between 15 and 20 buses each year. The average price of a BOC is expected to be \$95,750 in FY21. Jaunt estimates the cost of buses would increase 3% each following year. Note: This projection includes the purchase of electric transit buses as replacements for vehicles that reach the end of their Useful Life.

FY21 - Jaunt is seeking to replace 15 of its 89 buses (this includes 6 electric buses)

FY22 – Jaunt is seeking to replace 12 of its projected 91 buses (this includes 6 electric buses)

FY23 – Jaunt is seeking to replace 15 of its projected 99 buses (this includes 10 electric buses)

FY24 – Jaunt is seeking to replace 20 of its projected 104 buses (this includes 15 electric buses)

Memorandum

To: MPO Tech

From: Sandy Shackelford, Director of Planning & Transportation

Date: May 7, 2021

Reference: Draft FY22 Unified Planning Work Program

Purpose:

The Unified Planning Work Program (UPWP) for transportation planning identifies all activities to be undertaken in the Charlottesville-Albemarle Metropolitan Planning Organization (CA-MPO) area for fiscal year 2022. The UPWP provides a mechanism for coordination of transportation planning activities in the region and is required as a basis and condition for all federal funding assistance for transportation planning by the joint metropolitan planning regulations of the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA).

Background:

Based on the feedback MPO staff received regarding projects of interest to the MPO Policy Board, the final draft of the FY22 UPWP has been prepared for consideration and approval. The MPO Policy Board voted at their meeting on March 24, 2021 that in addition to the projects that had already been identified for inclusion in the FY22 UPWP, they would also like to program \$30,000 for researching best practices and developing guidance to incorporate climate action initiatives into the MPO's long range transportation planning process. They also voted to leave \$20,684 unprogrammed at the time.

These requests have been included in the draft of the FY22 UPWP that has been prepared. The \$20,684 balance has been added to the On-call Services line item shown in Task 2.E. A summary of the programmed projects and expenses is shown on the table on the second page.

A public hearing on the UPWP has been advertised for the Policy Board meeting on May 26, 2021.

Recommendation:

Staff is requesting that MPO Tech reviews the draft FY22 UPWP and provides a recommendation to the MPO Policy Board for their consideration in adopting the work plan.

If there are any questions or comments, please contact Sandy Shackelford at sshackelford@tjpdc.org.

Unified Planning Work Program (UPWP)

Fiscal Year 2022 July 1, 2021 – June 30, 2022

Preface

Prepared on behalf of the Charlottesville-Albemarle Metropolitan Planning Organization (CA-MPO) by the staff of the Thomas Jefferson Planning District Commission (TJPDC) through a cooperative process involving the City of Charlottesville and the County of Albemarle, Charlottesville Area Transit (CAT), Jaunt, University of Virginia (UVA), the Virginia Department of Transportation (VDOT), the Department of Rail and Public Transportation (DRPT), the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA).

The preparation of this work program was financially aided through grants from FHWA, FTA, DRPT, and VDOT.

INTRODUCTION

Purpose of the Unified Planning Work Program

The Unified Planning Work Program (UPWP) for transportation planning identifies all activities to be undertaken in the Charlottesville-Albemarle Metropolitan Planning Organization (CA-MPO) area for fiscal year 2022. The UPWP provides a mechanism for coordination of transportation planning activities in the region and is required as a basis and condition for all federal funding assistance for transportation planning by the joint metropolitan planning regulations of the Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA).

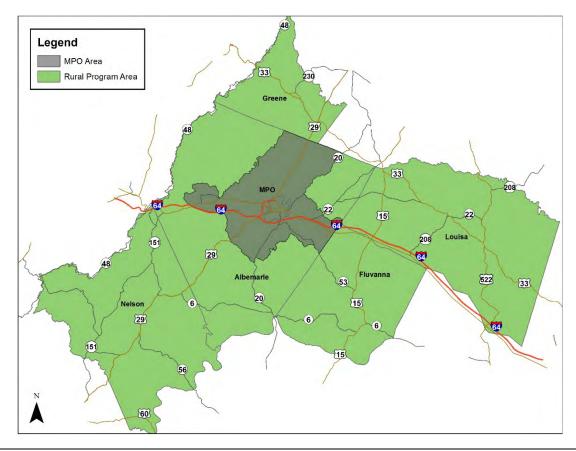

Purpose of the Metropolitan Planning Organization

CA-MPO provides a forum for conducting continuing, comprehensive, and coordinated (3-C) transportation decision-making among the City, County, UVA, JAUNT, CAT, DRPT and VDOT officials. In 1982, Charlottesville and Albemarle officials established the MPO in response to a federal mandate through a memorandum of understanding signed by the Thomas Jefferson Planning District Commission (TJPDC), JAUNT, VDOT and the two localities. The same parties adopted a new agreement on July 25, 2018 (Attachment B).

The MPO conducts transportation studies and ongoing planning activities, including the Transportation Improvement Program (TIP), which lists road and transit improvements approved for federal funding, and the 25-year long range plan for the overall transportation network, which is updated every five years. Projects funded in the TIP are required to be in the long-range plan.

The policy making body of the CA-MPO is its Board, consisting of two representatives from the City of Charlottesville and two representatives from Albemarle County. A fifth representative is from the VDOT Culpeper District. Non-voting members include DRPT, CAT, JAUNT, UVA, FHWA, the Federal Aviation Administration (FAA), FTA, and the Citizens Transportation Advisory Committee (CTAC). CA-MPO is staffed by the TJPDC, which works in conjunction with partner and professional agencies, to collect, analyze, evaluate and prepare materials for the Policy Board and MPO Committees at their regularly scheduled meetings, as well as any subcommittee meetings deemed necessary.

The MPO area includes the City of Charlottesville and the portion of Albemarle County that is either urban or anticipated to be urban within the next 20 years. In 2013, the MPO boundaries were updated and expanded to be more consistent with 2010 census data. The Commonwealth's Secretary of Transportation approved these new boundaries in March 2013. A map of the MPO area appears on the next page:

Relationship of UPWP to Long Range Transportation Planning

The MPO develops its UPWP each spring. It outlines the transportation studies and planning efforts to be conducted during the upcoming fiscal year (July 1 – June 30). The transportation studies and planning efforts outlined in the UPWP are guided by the regional transportation vision, goals, issues, and priorities developed through the extensive long-range planning process. Federal law requires the MPO to address eight basic planning factors in the metropolitan planning process. These eight planning factors are used in the development of any plan or other work of the MPO, including the Work Program, and are as follows:

- *Economic Vitality:* Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
- *Safety:* Increase the safety of the transportation system for motorized and non-motorized users:
- Security: Increase the security of the transportation system for motorized and nonmotorized users:
- Accessibility/Mobility: Increase the accessibility and mobility of people and freight;
- *Environmental Quality:* Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns;
- *Connectivity:* Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- Efficiency: Promote efficient system management and operation; and,
- *Maintenance:* Emphasize the preservation of the existing transportation system.

MPO Transportation Infrastructure Issues and Priorities

In addition to the eight planning factors identified by FHWA and FTA, the issues listed below (in no particular order) have been identified by the MPO, its transportation planning partners, and the public throughout the metropolitan planning process. These issues are interconnected components of effective regional transportation planning, and collectively create the planning priorities facing the CA-MPO that will be addressed through the Work Program tasks and deliverables.

The following issues call for a need to:

- Expand and enhance transit, transportation demand management strategies including ridesharing services, and parking strategies to provide competitive choices for travel throughout the region;
- Improve mobility and safety for the movement of people and goods in the area transportation system;
- Improve strategies to make the community friendly to bicycles and pedestrians, particularly the mobility and safety of bicyclists and pedestrians, as well as access to transit, rail and transit/rail facilities;
- Take more visible steps to better integrate transportation planning with local government land use plans, with a goal of creating patterns of interconnected transportation networks and long-term multimodal possibilities such as non-vehicular commuter trails, intercity rail, and right-of-way corridors for bus ways;
- Ensure that new transportation networks are designed to minimize negative impacts on the community and its natural environment, and to save money;
- Encourage public involvement and participation, particularly addressing environmental justice and Title VI issues;¹
- Improve the understanding of environmental impacts of transportation projects and identify opportunities for environmental mitigation; and,
- Seriously consider budget shortfalls and its impediments to transportation projects and work to tap alternative sources of funding.

Public Participation/Title VI and Environmental Justice

The MPO makes every effort to include minority, low-income, and limited-English speaking populations in transportation planning. Throughout this document there are several tasks that specifically discuss the MPO's efforts to include these populations. In addition to the UPWP, the MPO also maintains a Public Participation Plan and a Title VI/Environmental Justice Plan. Both plans specify that the MPO must post public notices in key locations for low-income, minority and limited-English speaking populations. Both plans state that the MPO must make all official documents accessible to all members of our community. The Title VI/Environmental Justice Plan also outlines a complaint process, should a member of these specialized populations feel as though they have been discriminated against. These documents work in tandem with the UPWP to outline the MPO's annual goals and processes for regional transportation planning.

¹ The 1994 Presidential Executive Order directs Federal agencies to identify and address the needs of minority and low-income populations in all programs, policies, and activities.

Funding

Two federal agencies fund the MPO's planning activity. This includes FHWA's funds, labeled as "PL," and FTA, labeled as "FTA." The FHWA funds are administered through VDOT, while FTA funds are administered through the DRPT. Funds are allocated to the TJPDC, to carry out MPO staffing and the 3c's process. The CA-MPO budget consist of 10% local funds, 10% state funds, and 80% federal funds.

VDOT receives federal planning funds from FHWA for State Planning and Research. These are noted with the initials "SPR." The total budget for SPR items reflects 80% federal funds and 20% state funds. *Attachment A* shows the tasks to be performed by VDOT's District Staff, utilizing SPR funds. VDOT's Transportation and Mobility Planning Division (TMPD), located in the VDOT Central Office, will provide statewide oversight, guidance and support for the federally-mandated Metropolitan Transportation Planning & Programming Process. TMPD will provide technical assistance to VDOT District Planning Managers, local jurisdictions, regional agencies and various divisions within VDOT in the development of transportation planning documents for the MPO areas. TMPD will participate in special studies as requested. DRPT staff also participates actively in MPO studies and committees, although funding for their staff time and resources is not allocated through the MPO process.

The following tables provide information about the FY21 Work Program Budget. These tables outline the FY21 Program Funds by Source and by Agency. The second table summarizes the budget by the three Work Program tasks: Administration (Task 1), Long Range Planning (Task 2), and Short-Range Planning (Task 3). More detailed budget information is included with the descriptions of the task activities.

FY22 Work Program: Funding by Source

Funding Source	Federal	State	Local	Total
Fullding Source	80%	10%	10%	100%
FY-22 PL Funding	\$168,947	\$21,118	\$21,118	\$211,184
FY-22 FTA Funding	\$87,686	\$10,961	\$10,961	\$109,608
PL+FTA Total	\$256,633	\$32,079	\$32,079	\$320,792
VDOT SPR	\$136,000	\$17,000	\$17,000	\$170,000
Total FY22 Work Program	\$392,633	\$49,079	\$49,079	\$490,792

FY22 Work Program: Funding by Task

Funding Source	Task 1	Task 2	Task 3	Total
Funding Source	18.39%	45.29%	36.32%	100%
PL+FTA Total	\$59,000	\$145,284	\$116,508	\$320,792
FY-22 PL Funding	\$37,500	\$102,684	\$71,000	\$211,184
FY-22 FTA Funding	\$21,500	\$42,600	\$45,508	\$109,608
VDOT SPR	\$50,000	\$60,000	\$60,000	\$170,000
Total FY22 Work Program	\$109,000	\$205,284	\$176,508	\$492,500

Highlights of FY21 UPWP

The CA-MPO conducted several projects and initiatives in FY21. Below are highlights from that year, helping to give context for the FY21 activities.

SMART SCALE

The SMART SCALE process scores and ranks transportation projects, based on an objective analysis that is applied statewide. The legislation is intended to improve the transparency and accountability of project selection, helping the Commonwealth Transportation Board (CTB) to select projects that provide the maximum benefits for tax dollars spent. In FY21, CA-MPO staff worked with County, City, and VDOT staff to prepare to submit project applications for Round Four of SMART SCALE funding. The CTB approved two of the three SMART SCALE applications submitted by CA-MPO.

Bicycle and Pedestrian Planning

In FY21, MPO and PDC staff worked to continue moving bicycle and pedestrian facility planning forward. Staff efforts focused on coordinating two bike and pedestrian feasibility studies to determine construction opportunities for important regional bike and pedestrian connections throughout the MPO, conducting bike and pedestrian counts at intersections of interest to local City and County staff, and continue coordination of bicycle and pedestrian working group. Staff continues to work with the City, County, and UVA planning staff to develop OneMap, which is an integrated map of all of the bike and pedestrian facilities throughout the MPO region.

Regional Transit Planning

MPO staff has continued their involvement in overseeing the Regional Transit Partnership. In FY21, two DRPT grants to study transit service and operations within the MPO region were awarded. One to conduct a feasibility study and implementation plan to expand transit service in Albemarle County. The second is to develop a Charlottesville Area Regional Transit Vision Plan. These projects kicked off in FY21 and will continue into FY22.

MPO staff applied for a BUILD planning grant to evaluate opportunities to make improvements to the Charlottesville AMTRACK station to support anticipated service expansion.

Transportation Improvement Program (TIP)

MPO staff maintained the FY21-FY24 TIP in collaboration with VDOT, DRPT, and the various MPO committees, finalizing the updated plan that was completed by the CA-MPO in FY21.

National Transportation Performance Measures

Performance Based Planning and Programming requirements for transportation planning are laid out in the Moving Ahead for Progress in the 21st century (MAP-21), enacted in 2012 and reinforced in the 2015 FAST Act, which calls for states and MPOs to adopt targets for national performance measures. Each MPO adopts targets for a set of performance measures, in coordination with the Virginia Department of Transportation (VDOT) and the Virginia Department of Rail and Public Transit (DRPT), and these measures are used to help in the prioritization of TIP and Long-Range Transportation Plan projects. In FY21, the MPO

FY22 Unified Planning Work Program

Policy Board voted to support the statewide performance targets, which are reviewed every two years, and the statewide safety targets, which are reviewed every year.

Regional Transportation Revenue Study

Work on the Regional Transportation Revenue study was completed in FY21 despite the disruption COVID caused. This study documents potential revenue streams that could be considered should the local region determine that more resources were needed to maintain and improve the local transportation infrastructure.

MPO 101 Primers

The CA-MPO hosted an intern over the summer of FY21 that supported the development of a series of primers explaining MPO purpose, process, and planning requirements. These primers have been formatted and placed on the MPO website for reference, and will be used for educational and informational purposes as MPO staff seeks public engagement in its planning processes.

Electric Vehicle Charging Station Needs Study

In FY21, CA-MPO staff completed a high level assessment of demand and availability of electric vehicle charging station needs.

FY22 UPWP Activities by Task

Task 1: Administration

Total Funding: \$59,000 PL Funding: \$37,500 FTA Funding: \$21,500

A) Reporting and Compliance with Regulations

PL Funding: \$14,000 FTA Funding: \$8,000

There are several reports and documents that the MPO is required to prepare or maintain, including:

- FY22 Unified Planning Work Program Implementation;
- FY23 Unified Planning Work Program Development;
- Monthly progress reports and invoices; and,
- Other funding agreements.

TJPDC staff will also provide for the use of legal counsel, accounting and audit services for administering federal and state contracts.

End Products:

- Complete annual Unified Planning Work Program (UPWP) process;
- Administer Grants and other funding;
- Execute project agreements, along with related certifications and assurances; and,
- Complete invoicing, monthly billing, and progress reports.

B) Staffing Committees

PL Funding: \$14,000 FTA Funding: \$8,000

TJPDC staff is responsible for staffing the MPO Policy Board and Committees. These efforts include preparation of agendas, minutes, and other materials for the committees listed below. The MPO continues to urge localities to appoint committee representatives from minority and low-income communities.

The CA-MPO staffs the following groups:

- MPO Policy Board;
- MPO Technical Committee:
- Regional Transit Partnership (RTP); and,
- Additional committees as directed by the MPO Policy Board.

- Staff committees:
- Maintain memberships on committees;
- Issue public notices and mailings;
- Restructure Policy Board and Committee bylaws, based on the Strategic Plan; and,
- Maintain committee information on the TJPDC/MPO Website.

C) Information Sharing

PL Funding: \$9,500 FTA Funding: \$5,500

The MPO functions as a conduit for sharing information between local governments, transportation agencies, state agencies, other MPOs, and the public. MPO staff will provide data and maps to State and Federal agencies, localities and the public, as needed. Staff will also contribute articles to TJPDC's newsletters and Quarterly Report. The CA-MPO will continually monitor and report on changes to Federal and State requirements related to transportation planning and implementation policies. Staff will attend seminars, meetings, trainings, workshops, and conferences related to MPO activities as necessary. Staff will assist local, regional and State efforts with special studies, projects and programs. One ongoing project is a regional housing analysis that will include use of transportation data around housing centers and travel time to key destinations. Staff will also conduct ongoing intergovernmental discussions; coordinate transportation projects; and attend/organize informational meetings and training sessions. MPO staff will attend additional meetings with local planning commissions and elected boards to maintain a constant stream of information with local officials to include transportation, transit and environmental topics.

End Products:

- Continue to review and update facts and figures;
- Transportation data for housing report;
- Provide technical data, maps and reports to planning partners;
- Attend local planning commission meetings as needed;
- Attend City Council and Board of Supervisors meetings as needed;
- Ensure adequate communication between Planning District Commission and MPO Policy Board;
- Analyze available data to identify whether MPO boundaries may expand into additional counties after the 2020 census;
- Continue coordination of ongoing meetings with staff from Charlottesville, Albemarle and UVA regarding bicycle and pedestrian projects
- Participate and maintain membership with the Virginia Association of MPOs (VAMPO);
- Participate and maintain membership with the American Association of MPOs (AMPO);
 and,
- Hold annual joint-MPO Policy Board meeting with the Staunton-Augusta-Waynesboro MPO and propose meetings with Lynchburg MPO.
- Maintain the TJPDC's social media; and,
- Maintain the MPO Website.

Task 2: Long Range Transportation Planning

Total Funding: \$145,284 PL Funding: \$102,684 FTA Funding: \$42,600

A) North 29 Corridor Study with Rural Component

PL Funding: \$33,000 FTA Funding: \$18,000

Roadway improvements are complete or scheduled for construction along US Highway 29 North in Albemarle County and in Greene County. Traffic concerns continue in areas that are both urban and rural north of Airport Road in Albemarle County to the Cedar Grove Road area of Greene County. The MPO began working with the TJPDC Rural Transportation Program to initiate a study for safety & congestion along the unimproved areas of US 29. This project began in FY21 and continues into FY22.

End Products:

- Develop a vision for desired transportation performance through this portion of the US Highway 29 Corridor based on existing land use plans and projected system demand;
- Work with VDOT contracted consultants to identify corridor segments and intersections experiencing performance deficiencies;
- Conduct public engagement to determine community priorities for transportation improvements;
- Work with VDOT contracted consultants to develop alternative solutions to remedy identified transportation performance deficiencies;
- And develop recommended solutions based on robust community engagement for projects that could be submitted as SMART SCALE or other grant applications.

B) 2050 Long Range Transportation Plan Scope Development

PL Funding: \$7,000 FTA Funding: \$3,000

The CA-MPO will begin its five-year update of the 20-year Long Range Transportation Plan in FY23. CA-MPO will need to consider a number of factors before that plan update can begin, including whether the boundaries of the MPO will be adjusted, the extent that additional technical support from a consultant may be needed, and whether there is interest or value in approaching the long-range transportation plan jointly with the more rural portions of the region.

End Products:

- A project schedule for the update of the long-range transportation plan, which must be completed by May 2024;
- A summary of needs for additional technical assistance that may be needed to complete the update;
- Clarification of methodologies used to prioritize projects within the long-range transportation plan;
- Recommended public engagement schedule; and
- RFP's to retain any consulting services that may be determined as necessary.

C) CA-MPO Strategic Plan

PL Funding: \$17,000 FTA Funding: \$11,600

12

There was a Strategic Plan prepared for the CA-MPO to provide a framework for the work that the MPO would undertake during the time period of 2017 to 2019. Many of the elements of that strategic plan have been implemented, but there has been significant change in the operations of

the MPO, as well as staffing, since that strategic plan was developed, and an updated plan is necessary to continue to provide clear direction and effectiveness in carrying out the priorities of the MPO stakeholders.

End Products:

- An assessment of organizational strengths, weaknesses, opportunities, and threats;
- A clearly defined understanding of stakeholders;
- An agreed upon framework for selecting projects to include in the Unified Planning Work Program; and
- Opportunities to provide better collaboration with other planning efforts and partners.

D) Climate Action Initiatives for Transportation Planning

PL Funding: \$20,000 FTA Funding: \$10,000

The City of Charlottesville and County of Albemarle have both identified climate action initiatives as priorities for their individual localities. An important factor in achieving the climate action goals involves incorporating these initiatives into transportation planning. This project will include reviewing planning documents and processes from other regional and MPO transportation plans to determine best practices for incorporating climate action goals into the MPO's transportation planning efforts. The focus of this work will be on incorporating climate action mitigation factors into the Long Range Transportation Plan, but through these efforts, MPO staff will also develop recommendations for additional data, studies, or plans that may be needed in order to support regional efforts.

End Products:

- A benchmarking report of best practices from other regional and MPO planning efforts to incorporate climate action initiatives into transportation planning processes including a summary of similarities and distinctions;
- A literature review of work that has been completed identifying the most effective strategies;
- Development of metrics that can be used to gauge progress in meeting goals;
- Recommendations for establishing and measuring goals and outcomes;
- Recommendations for incorporating climate action goals into project development and prioritization within the Long Range Transportation Plan; and
- Recommendations for additional data, studies, or planning efforts that may be needed to support the overall regional goals.

E) On-call Services

PL Funding: \$25,684 FTA Funding: \$0

MPO, VDOT, and local staff will be available to conduct transportation studies, data collection, and planning efforts as requested by our planning partners, including projects focusing on transportation system improvements to improve mobility, safety, and security for area pedestrians, bicyclists, and motorists. All studies will ensure a working partnership with the surrounding area's businesses and neighborhoods. Costs will be incurred to identify and initiate contractual arrangements.

End Products:

 Transportation study or planning effort, as requested, that can be used as a basis for implementing short-term and long-term transportation solutions.

Task 3: Short Range Planning

Total Funding: \$116,508 PL Funding: \$71,000 FTA Funding: \$45,508

A) Transportation Improvement Program (TIP)

PL Funding: \$5,000 *FTA Funding:* \$2,000

There are a number of federal-aid highway programs (i.e. administered by FHWA) which, in order to be eligible for use by the implementing agency, must be programmed in the TIP. Similarly, there are funds available under federal-aid transit programs (i.e. administered by FTA) which, in order to be used, must also be programmed in the TIP. In fact, any federally-funded transportation projects within the MPO must be included in the TIP, including transit agency projects. Project descriptions include: implementing agency; location/service area; cost estimates; funding sources; funding amounts actual or scheduled for allocation; type of improvement, and; other information, including a required overall financial plan.

Staff will be concentrating in FY 21 on transit operator short range planning financial needs to incorporate into the TIP. New leadership at the region's two transit providers have created an opportunity for revised procedures to short range financial planning.

The current TIP for FY21-FY24 was adopted by the Policy Board in FY20. MPO staff will continue to maintain and update the TIP as necessary.

End Products:

- Process the Annual Obligation Report;
- Process TIP amendments and adjustments; and
- Monitor the TIP as necessary, ensuring compliance with federal planning regulations.

B) SMART SCALE Planning and Support

PL Funding: \$43,000 FTA Funding: \$18,400

MPO staff will continue to work with VDOT, DRPT, City and County staff to identify appropriate funding sources for regional priority projects. In FY22, the MPO Policy Board will identify up to two opportunities to conduct robust public engagement in order to develop SMART SCALE project applications.

- Implement a selection process to identify potential SMART SCALE project applications early;
- Facilitate stakeholder meetings to develop project submission applications that incorporate robust public engagement and input opportunities;

- Hold a regional meeting to coordinate SMART SCALE project submittals from the member localities and MPO;
- Coordinate sharing of economic development, and other relevant information, between the localities in support of SMART SCALE applications; and
- Attend the Quarterly Transportation Meetings hosted by OIPI to ensure that MPO and locality staff have appropriate information about all funding programs.

C) Travel Demand Management (TDM), Regional Transit Partnership (RTP), and Bike/Ped Support

PL Funding: \$4,000 *FTA Funding:* \$8,500

The RideShare program, housed by the TJPDC, is an essential program of the MPO's planning process. The RTP has been established to provide a venue for continued communication, coordination, and collaboration between transit providers, localities and citizens. These programs, along with continued support for bike and pedestrian travel, support regional TDM efforts. TDM has been, and will continue to be, included in the long-range transportation planning process.

End Products:

- Continue efforts to improve carpooling and alternative modes of transportation in MPO;
- Staff Regional Transit Partnership meetings;
- Address immediate transit coordination needs:
- Formalize transit agreements;
- Improve communication between transit providers, localities and stakeholders;
- Explore shared facilities and operations for transit providers;
- Provide continued support to coordinating bike/ped planning activities between the City
 of Charlottesville and Albemarle County and with the rural localities;
- Continue to assess the need for a Regional Transit Authority; and
- Per the Strategic Plan, integrate TDM into all MPO recommendations and projects.

D) Performance Targets

PL Funding: \$2,000 FTA Funding: \$1,000

MPOs are asked to participate in the federal Transportation Performance Management process by coordinating with the state to set targets for their regions based on the state targets and trend data provided by the state. The CA-MPO will need to set and document the regional safety performance targets adopted.

- Prepare workbook and background materials for MPO committees and Policy Board to review;
- Facilitate discussion of performance targets with the MPO committees and Policy Board;
- Complete all documentation notifying the state of the adopted safety performance targets; and
- Update the TIP when the FY22 safety performance targets are adopted.

E) Regional Transit and Rail Planning

PL Funding: \$0 FTA Funding: \$5,000

MPO, VDOT, and local staff will be available to conduct transportation studies and planning efforts as requested by our planning partners, including projects focusing on transportation system improvements to improve mobility, safety, and security for area pedestrians, bicyclists, and motorists. All studies will ensure a working partnership with the surrounding area's businesses and neighborhoods. Costs will be incurred to identify and initiate contractual arrangements.

End Products:

- Provide technical support and staffing to ensure the successful completion of two grants awarded by DRPT: Albemarle Feasibility Study and the Regional Transit Visioning Plan; and
- Prepare and submit a BUILD Planning grant application for the Charlottesville Amtrack Station.

F) CTAC – Community Outreach

PL Funding: \$17,000 FTA Funding: \$10,608

TJPDC staff will participate in and help develop community events and educational forums such as workshops, neighborhood meetings, local media, and the MPO web page. Staff will also participate in and act upon training efforts to improve outreach to underserved communities, such as low-income households, people with disabilities, minority groups, and limited English-speaking populations. The TJPDC will continue to staff the Citizens Transportation Advisory Committee, which is an important conduit for receiving feedback and input on the efficacy of public outreach and engagement efforts.

- Utilize a broad range of public engagement strategies to disseminate information on transportation planning efforts and processes;
- Develop programs to better inform the public about transportation planning and project development;
- Demonstrate responsiveness to public input received during transportation planning processes;
- Review Title VI/Environmental Justice Plan as needed;
- Review Public Participation Plan as needed;
- Review information on website for accessibility and understandability;
- Continue to investigate methods to increase participation from historically underserved communities:
- Provide proper and adequate notice of public participation activities; and
- Provide reasonable access to information about transportation issues and processes in paper and electronic media.

Task 4: Contracted Projects and Studies

A) Coordinate and support the following projects:

- Coordinate, manage, and implement the Regional Visioning Plan for the CAMPO and TJPDC region. A state grant in the amount of \$175,000 was awarded by DRPT, matched by local contributes from Albemarle County and the City of Charlottesville of \$175,000, with a contract signed on February 4, 2021. The work commenced in FY21 and will carry into FY22.
- Coordinate, manage, and implement the FY21 Feasibility and Business Plan for expanded transit service in Albemarle County. A state grant in the amount of \$53,108 was awarded by DRPT, matched by a local contribution from Albemarle County of \$53,107, with a contract signed on January 8, 2021. The work commenced in FY21 and will carry into FY22.

B) Explore opportunities for contracted project and studies.

Topical areas may include:

17

- Environmental impacts of the local transportation system and mitigation strategies.
- Creating an employee outreach program for Rideshare and other TDM programs.
- Implementing recommendations from the Albemarle Service Expansion Feasibility Study.

CA-MPO in FY22

Along with ongoing, required MPO tasks, staff anticipates work on the following efforts, some of which will carry-over from FY21.

Regional Transportation Revenue

- Assess the impacts of the COVID-19 pandemic on the transportation network and revenue generation
- Maintain awareness of opportunities to increase funding for regional transportation system improvements

Equity in Transportation Planning

• Continue to pursue opportunities to better integrate considerations for equity into the transportation planning processes and project selection

SMART SCALE

- Explore ways to improve the success of funding for projects
- Strengthen applications submitted in Round 5 for final submission
- Monitor any changes and updates to the SMART SCALE process
- Integrate any changes in State process into MPO and local projects to strengthen funding applications

LRTP 2045

- Conduct annual review of Plan and performance targets as set forth in MAP-21
- Continue to coordinate procedures and efforts with neighboring MPOs

MPO Boundary Adjustment

• Follow outcomes from the 2020 Census and prepare for discussions regarding adjustments to the CA-MPO boundaries.

Other Studies

- Assess connections with other regions and MPOs
- Continue evaluation of the region's transit network and participate in creation of the transit strategic plan

Public Participation Process

Review and Approval of Tasks

MPO Policy Board:

- Initial Draft provided March 24th, 2021
- Final Approval May 26th, 2021

Online Posting

Posted as part of MPO meeting agenda for March 24th, 2021 Posted on TJPDC.org: May 10th, 2021

State Review

Draft submittal for VDOT review/comment: March 25th, 2021 Draft submittal for DRPT review/comment: March 25th, 2021

Review of Final FY22 UPWP

MPO Technical Committee: May 18th, 2021

Citizen Transportation Advisory Committee (CTAC): May 19th, 2021

MPO Policy Board: May 26th, 2021 **PUBLIC HEARING: May 26th, 2021

FY22 Unified Planning Work Program

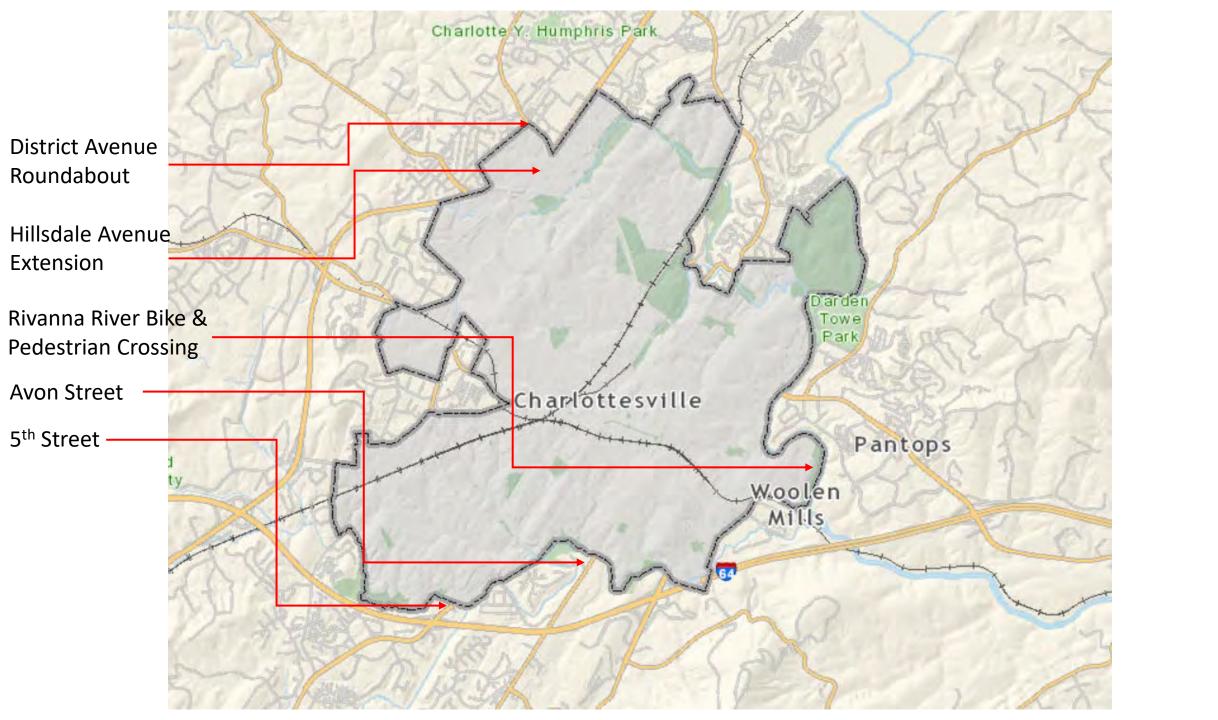

TMPD	VDOT Transportation and Mobility Planning Division
UPWP	Unified Planning Work Program (also referred to as Work Program)
UTS	University Transit Service
UVA	University of Virginia
VDOT	Virginia Department of Transportation
VMT	Vehicle Miles Traveled
Work Program	Unified Planning Work Program (also referred to as UPWP)

Appendix

Attachment A: Tasks Performed by VDOT

Attachment B: Memorandum of Understanding (2019)
Attachment C: FTA Section 5303/PL Funding Breakdown

Attachment D: Public Notice and Resolution

District Avenue Roundabout

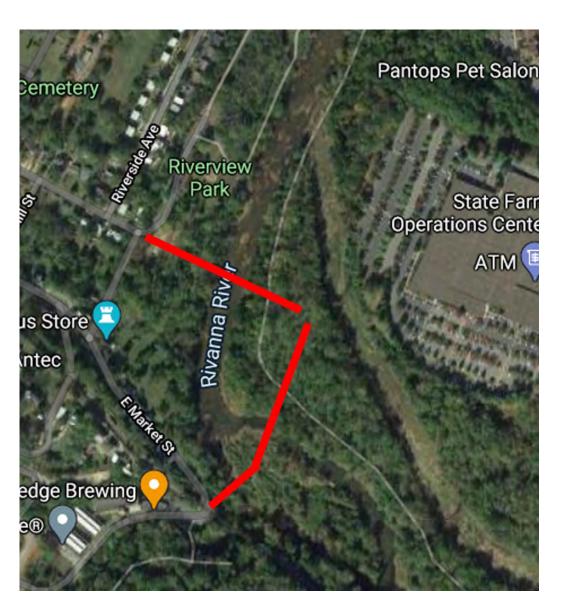

- Recommended as part of the Hydraulic/29 Small Area Plan
- Identified as a priority project in the CA-MPO's Long Range Transportation Plan
- Not submitted in the most recent round of SMART SCALE

Hillsdale Avenue Extension

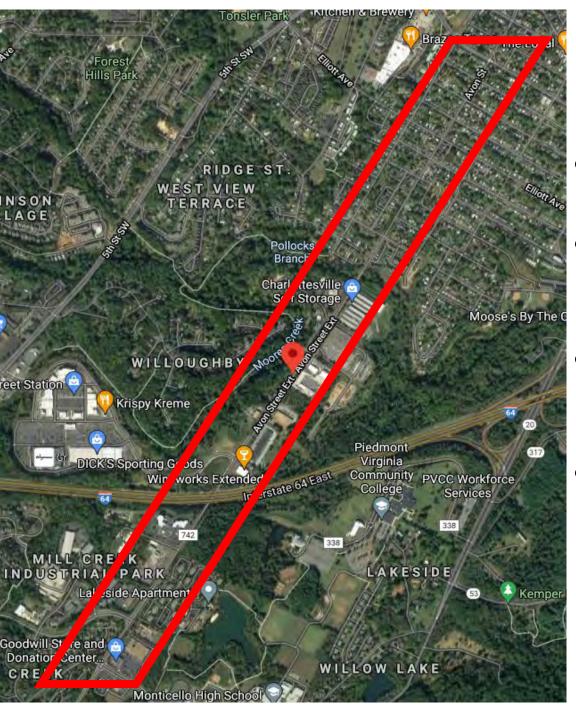

- Recommended as part of the Hydraulic/29 Small Area Plan
- Identified as a priority project in the CA-MPO's Long Range Transportation Plan
- Submitted in Smart Scale Round 4
- Highest scoring project not to be recommended to receive funding

Rivanna River Bike and Pedestrian Crossing

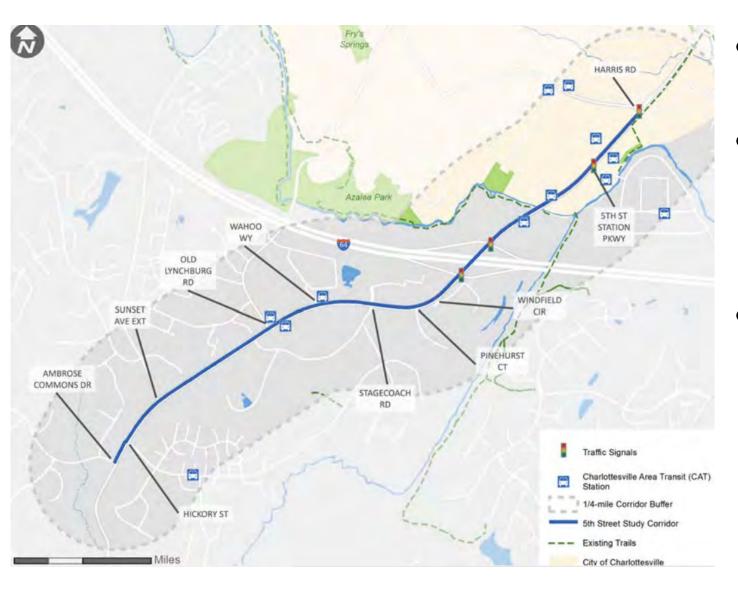

- Identified in the in the CA-MPO's Long Range Transportation Plan & Jefferson Area Bike & Pedestrian Plan
- Feasibility study completed by VHB in 2020
- Two potential design options were developed for consideration

Avon Street Multi-Modal Improvements

- Avon Street RE(Vision) study completed for Albemarle County in 2020
- Bike and pedestrian facility needs identified in the Charlottesville Bicycle and Pedestrian Master Plan
- Develop a package of multi-modal transportation improvements along Avon Street
- Consider portion of corridor between Mill Creek Drive (Albemarle) and Monticello Avenue (Charlottesville)

5th Street Multi-Modal Improvements

- Corridor study completed by VDOT in January 2021
- Develop a package of multimodal transportation and intersection improvements along 5th Street
- Consider portion of corridor between Ambrose Commons Drive (Albemarle) and Harris Road (Charlottesville)
