| 8    | 5:00-5:15   | <b>TIP Ammendment (Lucinda)</b><br><b>Public Participation Plan for MPO</b>  |
| 9    | 5:15-5:30   | <b>RTP Sub-Committee Updates</b> <ul style="list-style-type: none"> <li>• Transit Driver Appreciation</li> <li>• Ridership Reporting</li> </ul>                              |
| 10   | 5:30-5:45   | <b>RTP Staff Updates</b> <ul style="list-style-type: none"> <li>• Virginia Breeze Danville to DC</li> <li>• Afton Express</li> <li>• Other</li> </ul>                        |
| 11   | 5:45-5:50   | <b>Transit Service Provider Updates –</b> <ul style="list-style-type: none"> <li>• CAT/Jaunt/UTS/Rideshare/Albemarle Schools</li> <li>• CAT Advisory Board Update</li> </ul> |
| 12   | 5:50-6:00   | <b>Other Business</b> <ul style="list-style-type: none"> <li>• Regional Transit Visioning Plan DRPT Status</li> <li>• Albemarle County Transit Plan DRPT Status</li> </ul>   |
| 13   | 6:00        | <b>Adjourn</b>   |

*The Regional Transit Partnership (RTP) serves as an official advisory board, created by the City of Charlottesville, Albemarle County and JAUNT, in Partnership with the Virginia Department of Rail and Public Transportation to provide recommendations to decision-makers on transit-related matters.*

*Times are approximate*

✓ *Requires a vote of the Partnership*

(To be read before each public meeting)  
NOTICE OF ELECTRONIC MEETING  
DUE TO COVID-19 STATE OF EMERGENCY

This meeting of the Regional Transit Partnership is being held pursuant to Item 4.0-01 of the approved state budget (HB 29) that allows public bodies to hold electronic meetings in the current COVID-19 emergency, in that it is impracticable or unsafe to assemble in a single location and that the purpose of the meeting is to discuss or transact the business statutorily required or necessary to continue operations of the public body.

This meeting is being held via electronic video and audio means through Zoom online meetings and is accessible to the public with close captioning and there will be an opportunity for public comment during that portion of the agenda. This meeting is also accessible by telephone conference call.

Notice has been provided to the public through notice at the TJPDC offices, to the media, web site posting and agenda.

The meeting minutes will reflect the nature of the emergency, the meeting was held by electronic communication means, and the type of electronic communication means by which the meeting was held.

A recording of the meeting will be posted at [www.tjpd.org](http://www.tjpd.org) within 10 days of the meeting.

We welcome all members and visitors to this virtual meeting.

A roll call of voting and non-voting members will be held to ensure a quorum is present.

This meeting is being recorded as required by state code and will be placed on the TJPDC web site for public access.

Please mute your telephone or computer until you are prepared to speak. We will initially try to allow members to speak openly after asking the chair for the floor. Should this become unorganized, we will mute everyone except the speaker as identified by the Chair and will ask that commissioners either use the raised hand function of Zoom or ask in the chat room to speak. Conference call attendees may use \*9 on their telephones to “raise their hand” to speak. The chair will be notified and will call on you.

During the open meeting, Motions and seconds may be presented without use of the hand or chat features. The chair will restate the motion with who motioned and who seconded. A discussion period will follow. To expedite votes, votes will be by voice unless undeterminable by the chair, who may call for a roll call vote. The chair shall ask for “all in favor of the motion” and then “all opposed”. The chair will identify those opposed to be recorded in the minutes.

Community participants will be allowed to speak during the designated Public Hearing and Public Comment periods. They should follow the same guidelines of using the “raised hand” function or the chat function. Outside of these times, all visitors will be maintained on mute. Speakers will be limited to two minutes each.

The Director and staff will assist in keeping time limits and requested speakers for the entire meeting.

While precautions have been enacted, should the meeting be taken over from an outside entity, the chair may adjourn the meeting and notice be provided by email. To lessen this risk, all participants will be required to first enter a “waiting room” until identified, and then allowed in. We will share the staff’s screen providing viewing of the agenda documents until no documents are required. The view will go to face view at that time.

Thank you for working with us on this electronic meeting format. We are hopeful in that it will provide us a new means to connect with more citizens and offer commissioners an alternate way to engage.

## **Thomas Jefferson Regional Transit Partnership**

June 25, 2020

4:00 p.m.

Via Zoom Conference Call

### **Committee – Voting Members**

Diantha McKeel, *Albemarle Co - Chair*  
Lloyd Snook, *City of Charlottesville*  
Lucas Ames, *JAUNT Urban- Vice Chair*  
Randy Parker, *JAUNT Rural (Louisa)*  
Bea LaPisto-Kirtly, *Albemarle County*  
Nikuyah Walker, *City of Charlottesville*  
Neil Sherman, *DRPT*  
Becca White, *UTS*

### **Staff & Other**

Chip Boyles, *TJPDC*  
Sara Pennington, *Rideshare/TJPDC*  
Jessica Hersh-Ballering, *TJPDC*  
Gretchen Thomas, *TJPDC*  
Lucinda Shannon, *TJPDC*  
Sandy Shackelford, *TJPDC*

### **Non-Voting & Alternates**

Karen Davis, *JAUNT*  
Brad Sheffield, *JAUNT*  
Garland Williams, *CAT*  
Juwah Lee, *CAT (absent)*  
Trevor Henry, *Albemarle County*  
Kim McManus, *PVCC (absent)*  
Jim Foley, *ACPC*  
Alison DeTuncq, *CTB (absent)*  
Chris Rowland, *JAUNT (absent)*  
Sally LeBeau, *UVA Hospital (absent)*  
Dan Butch, *Albemarle County*

### **Call to Order**

Diantha McKeel called the meeting to order at 4:00 p.m.

Ms. McKeel read the legal statement allowing the meeting to be held virtually/electronically due to circumstances beyond the RTP's control. She also described the guidelines by which the meeting would proceed.

Ms. Thomas called roll.

### **Matters from the Public**

None

### **Minutes from May 28, 2020**

Ms. White noted that on page 5, "Mr. White" should be changed to "Ms. White". She also noted that on page 3, paragraph 5, the mention of the routes being "online" meant that their operating status is online. She would like that clarification made.

Mr. Snook made a motion to approve the minutes with those changes and Ms. LaPisto-Kirtly seconded and the motion passed unanimously.

### **Future of Transit**

Ms. Hersh-Ballering gave a presentation on COVID-19 and the future of transit. The link to the presentation is <https://www.youtube.com/watch?v=C7zdJQkLrfo&feature=youtu.be> starting at minute 6:45 and ends at 27:21.

In response, Mr. Sheffield said no matter how much cleaning and safety precautions are taken, it is important for transportation companies to understand and respond to how businesses and the public feel about riding public transit again.

Mr. Williams said CAT is in the process of upgrading their PPE, including more permanent barriers and air filtering and cleaning systems. CAT is doing everything they can to keep the busses clean and safe for everyone.

Ms. White said telework as a more permanent way of operating may redefine the work trip and the focus on the work trip. She said that perhaps folks may consider not needing a car because of it. She also noted there the goal is to act as quickly as possible to new regulations and guidelines, but sometimes there is difficulty in being nimble and being able to respond quickly.

Mr. Williams said that one of the points in the presentation is to get the riders to use masks, but the enforcement of the rule lies with the Health Department, not the police department. Despite offering anyone a mask who does not have one, there are some folks who just will not put them on. There have been a few incidents where the police have had to get involved because there have been riders who have gotten belligerent.

Mr. Foley said students will be on every seat in the school buses. That will help with the schools' bell schedule. The drivers and the students will be required to wear masks. If the students do not wear masks, the parents will have to drive the student to school.

### **Joint Marketing & PR Effort**

Ms. Pennington said it has been discussed in the past that there should be a joint marketing effort for all of the systems and services in the RTP. She wanted to make sure that was still a priority.

Mr. Williams said that JAUNT and CAT have already been coordinating and have created a 30-second commercial/PSA that encouraged riders to use face coverings.

Ms. White said she is interested and noted that Mr. Williams has already reached out to UTS about the joint message. She said UTS is "all in."

Mr. Boyles said it may be best to start a technical committee to begin branding a message for now and for the future. Most transit operators are already getting together for other tasks, so perhaps they could tack this on to their coordinated efforts.

Mr. Sheffield introduced Jodie Saunders, who joined JAUNT on June 15 to tackle public relations and other marketing efforts.

## **RTP Committee Updates**

### Budget Technical Committee

Mr. Boyles said there will be quarterly reviews on the previously created MOU between the County and the City. Beginning in early July, there will be a meeting of financial staff, administrative staff, transit staff, and RTP staff who will review any changes that have occurred and provide a quarterly report to the City Council and the Board of Supervisors.

### Equitable Driver Appreciation Committee and Reporting Committee

Ms. Hersh-Ballering said the committees discussed their purpose and next steps at their last meeting. There is now a shared folder system for all the sub-committees to use. She also noted that another sub-committee was created to handle Covid-19 strategies and information.

Ms. Hersh-Ballering said one of the things the committee is going to do is pull together information about all of the routes and overlay them on a JS map to create one map for all of the transit routes. That should be available in a few months.

### **Appoint Nominating Committee for FY21 Officers for a July Vote**

Ms. McKeel reported that Mr. Snook and Ms. LaPisto-Kirtley have volunteered to be the nominating committee.

## **RTP Staff Updates**

### Virginia Breeze to Danville to DC

Mr. Sherman said Dillon Bus Company was the company award the Virginia Breeze contract. They are currently working to determine times and fares and marketing. There will be a website to make reservations. The first route, from Blacksburg to Union Station, will begin in late July and the other routes will begin in August.

### Afton Express

Mr. Boyles said Afton Express's logo has been created, but they are waiting for the official word on the award. Many of those awards may be delayed into the Fall.

Mr. Sherman said that most of DRPT's projects will not be awarded until September and then approved in October.

### FY21 Meeting Calendar

Ms. McKeel asked if a July meeting would be feasible.

Both Mr. Snook, Ms. Walker and Mr. Williams said the date set on the schedule did not work for them.

It was the consensus that a meeting was not necessary, so the next meeting would be in August.

After much discussion about what dates work in the future for the board members, Ms. Pennington will send out the new dates via email to the board.

## **Transit Service Provider Updates**

### CAT

Mr. Williams shared CAT's ridership numbers for the last quarter and noted that May's ridership had an 87.7% drop and that June's ridership numbers will probably be 70-80% down from last

year. He also noted that now that there is an increase in service, there will be an uptick in ridership, but the numbers will still be down dramatically from last year.

He reported that CAT will be working with a consultant in July, August, and September to look at routes, run times, and look at the request to make a modification to one of CAT's routes to have service to The Center. By the Fall, they will be ready to implement a new service model.

Mr. Willimas also reported that CAT has been working with UTS to see where routes overlap so perhaps CAT could assist them in their routes.

### JAUNT

Mr. Sheffield said JAUNT has been focusing on working on policies and procedures to transition to normal operations, including occupying the offices and getting drivers onto their shifts, etc.

From a ridership standpoint, he said there is a slight increase in urban ridership from their lowest numbers 3-4 weeks ago.

### UTS

Ms. White said there is only one route to get employees from a remote parking lot on grounds to the hospital. The ramp up for ridership on that route is slower than they anticipated. There has only been an increase from 800 riders a day to 1,000. She reported that it may be due to the fact that the outpatient counts are high at the hospital, but, because of the uptick in telehealth, the onsite demand has been lower than anticipated.

Ms. White said they are planning for the students' return. She said there is no declared return to work day for staff. It will be entirely up to the department. The students will begin class on August 25 and UTS will be back to their new version of full service. They were tasked with having to redesign their routes due to COVID regulations. She is hoping to have a map of those approved redesigned routes soon.

### Rideshare

Ms. Pennington said Rideshare received approval from DRPT for the rollover of funds from the last quarter of FY20 to FY21. The CTB met to approve first quarter for the Rideshare program. Rideshare is continuing to promote telework.

### ACPS

Mr. Foley said they are continuing to work on bell schedules and the buses. He reported that they have completed an RFP for fuel. He also reported that DMV is backed up which has prevented drivers from renewing their licenses and performing permit testing.

### CAT Advisory Board

Ms. Snook said Council appointed a few members to the CAT Advisory Board, but there were not enough applicants to fill all the slots available. They will have to re-advertise the positions.

Ms. McKeel said that she, Ms. LaPisto-Kirtley and Mr. Sheffield should be thinking of folks who might be interested from the County.

Ms. Williams said that they currently meet quarterly, but that can be changed. He said it will be important to get representatives from the business community or the Chamber.

**Other Business**

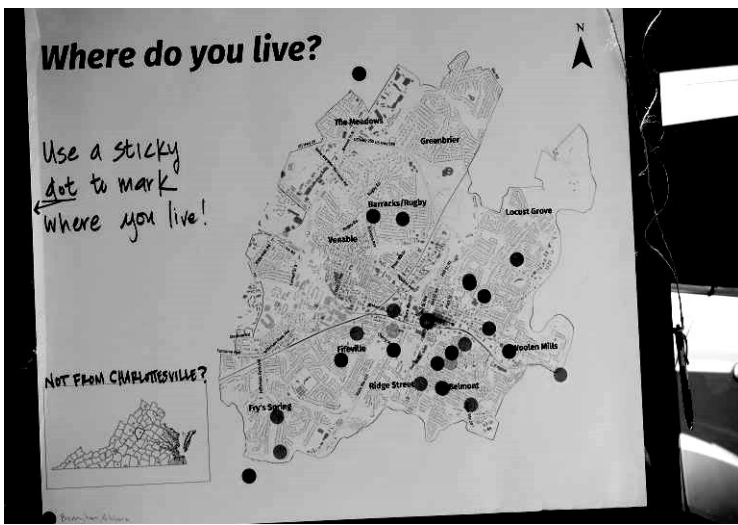

DRPT Technical Assistance and the Regional Visioning Plan

Mr. Boyles reported both applications for these grants have been submitted, but as mentioned previously, the RTP will not know if they have been awarded until sometime in the Fall.

Mr. Boyles reminded everyone that these meetings are recorded and will be online and available for viewing within ten days of the meeting date.

Ms. McKeel adjourned the meeting at 5:39 p.m.

# Public Participation Plan

Approved **September 28<sup>th</sup>, 2016**

Information contained herein has been derived from Federal Regulation Code 450.316

**First Adopted:**

- August 12, 2002

**Revised:**

- February 14, 2005
- June 20, 2007
- April 22, 2009
- January 23, 2013
- September 28, 2016
- July 22, 2020

## Glossary of Acronyms

**The following transportation-related acronyms are used in this document:**

|                   |   |
|-------------------|---|
| <b>ACCT</b>       | Alliance for Community Choice in Transportation   |
| <b>BRT</b>        | Bus Rapid Transit   |
| <b>CA-MPO</b>     | Charlottesville Albemarle Metropolitan Planning Organization  |
| <b>CAT</b>        | Charlottesville Area Transit  |
| <b>CTAC</b>       | Citizen's Transportation Advisory Committee   |
| <b>DRPT</b>       | Virginia Department of Rail and Public Transportation   |
| <b>FHWA</b>       | Federal Highway Administration  |
| <b>FTA</b>        | Federal Transit Administration  |
| <b>FY</b>         | Fiscal Year (refers to the state fiscal year July 1 – June 30)  |
| <b>JAUNT</b>      | Regional transit service provider to Charlottesville City, and Albemarle, Fluvanna, Louisa, Nelson, and Buckingham Counties                     |
| <b>LRTP</b>       | Long Range Transportation Plan. Refers to the 25-year transportation plan.  |
| <b>LRT</b>        | Light Rail Transit  |
| <b>MAP-21</b>     | Moving Ahead for Progress in the 21 <sup>st</sup> Century   |
| <b>MPO</b>        | Metropolitan Planning Organization  |
| <b>PL</b>         | FHWA Planning Funding (used by MPO)   |
| <b>RideShare</b>  | Free Carpool matching service for Charlottesville City, and Albemarle, Fluvanna, Louisa, Nelson, and Greene Counties                            |
| <b>RTP</b>        | Regional Transit Partnership  |
| <b>SAFETEA-LU</b> | Safe, Accountable, Flexible, Efficient, Transportation Equity Act: A Legacy for Users (legislation governing the metropolitan planning process) |
| <b>SOV</b>        | Single Occupant Vehicle   |
| <b>SPR</b>        | FHWA State Planning and Research Funding (used by VDOT to support MPO)  |
| <b>TDP</b>        | Transit Development Plan (for CTS and JAUNT)  |
| <b>TIP</b>        | Transportation Improvement Program  |
| <b>TJPDC</b>      | Thomas Jefferson Planning District Commission   |
| <b>TMPD</b>       | VDOT Transportation and Mobility Planning Division  |
| <b>UPWP</b>       | Unified Planning and Work Program (also referred to as Work Program)  |
| <b>UTS</b>        | University Transit Service  |
| <b>UVA</b>        | University of Virginia  |
| <b>VDOT</b>       | Virginia Department of Transportation   |

## I. Introduction

The *Intermodal Surface Transportation Efficiency Act* (ISTEA) of 1991 changed how Metropolitan Planning Organizations (MPO's) conduct the transportation planning process, requiring enhanced public involvement. TEA-21 reiterated and strengthened requirements for stakeholder and public involvement in 1998. In 2005, *Safe Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users* (SAFETEA-LU) reinforced TEA-21 and particularly focused on ensuring environmental justice and the involvement of minority and low-income citizens in the planning process. In October 2012 *Moving Ahead for Progress in the 21<sup>st</sup> Century* (MAP-21) continued the trend developed by SAFETEA-LU. This document reflects the requirements of the present transportation act, contained in Federal Regulation Code 450.316. This document outlines the MPO's base Public Participation Requirements. MPO Staff make every effort to go above and beyond these requirements.

## II. Policy Statement

The Charlottesville-Albemarle Metropolitan Planning Organization (CA-MPO) is the regional forum for comprehensive, continuing, and cooperative transportation planning in the urban study area and is committed to engaging all area citizens in its planning and programming activities. It is the policy of the CA-MPO to facilitate public information, access and involvement under the Three-C Agreement (for comprehensive, continuing, and cooperative planning) through which the interests of both public and private stakeholders are duly considered. To the extent possible by law and budget constraints, the policy and technical processes will be made inclusive of and accessible to the public as well as to other regional stakeholders.

## III. Purpose

The Public Participation Plan documents the process and activities through which the MPO carries out the following practices for effective participation, communication and consultation with all parties interested in the transportation planning process. This process includes, but is not limited to:

- Adherence to state and federal regulations regarding public notices and public hearings
- Complete access to information barring legal or fiduciary restraints
- Public input on key decisions
- Development of innovative public involvement strategies

This plan also describes standard procedures for the development, adoption and amendment of major planning documents including the Long Range Transportation Plan (LRTP), the Transportation Improvement Program (TIP), the Unified Planning and Work Program (UPWP) and other major transportation studies. Additionally, this PPP specifies the following:

- MPO Plans and projects will include a public involvement component
- Legal requirements for public involvement will be met or exceeded by the CA-MPO
- All official meetings of the CA-MPO will include opportunities for public comment at the beginning and end of the meeting
- A public comment period of 45 calendar days will be provided prior to the adoption of this public involvement process and/or any significant amendment to the process
- The Public Participation Plan will be reviewed every three years and revised or amended as needed, in consultation with the public, and with the review by all three MPO committees

## IV. Ongoing Activities

- The Thomas Jefferson Planning District publishes a regular report that informs the public about the PDC and MPO's activities. The mailing list for this report includes a broad cross-section of civic organizations, business leaders, press members, leaders in education, public transit officials, elected officials, and members of the community who request to receive the newsletter.
- TJPDC publishes *News Briefs* on its website of the efforts and accomplishments for the TJPDC and the Charlottesville MPO.
- The TJPDC and CA-MPO staff is available on a full-time basis to respond to direct questions and inquiries from citizens concerning transportation plans, programs, and the transportation planning process for the region. Staff will make presentations at the request of local civic organizations and routinely provides information to the local print and electronic media. Staff will be accessible to the public through a variety of means (i.e. e-mail, phone, and in-person).
- The TJPDC maintains an extensive library of transportation, environmental, demographic, community planning, and GIS materials that are available for use by the public during the regular workday (8:30 a.m. to 5:00 p.m.).
- The TJPDC and the MPO maintain relationships with local academic institutions, making presentations to college and graduate level classes and often hosting an undergraduate or graduate intern on staff. The CA-MPO regularly utilizes the assistance of the CTAC in its transportation planning activities. CTAC is composed of City, County and MPO-appointed community members with interest and expertise in planning-related topics.
- In an effort to further engage with a diverse audience, the TJPDC maintains a Facebook page to periodically update page followers on topics of interest related to the TJPDC and the MPO. This format allows for information to easily be disseminated to the public.
- According to the provisions of SAFETEA-LU, the TJPDC and the CA-MPO maintain a list of "interested parties" and "stakeholder organizations." TJPDC staff will include to the extent practicable, but not limited to: private citizens, public agencies, providers of freight services, private providers of transportation, representatives of public transportation, employee representatives of users of pedestrian walkways and bicycle transportation facilities, and representatives of the disabled. All citizens/groups requesting inclusion on the MPO mailing and e-mail list will be added.

## V. Procedures

### 1. MPO Policy Board and Committee Meetings

- All MPO Policy Board and Committee meeting agendas will include meeting guidelines establishing time limits and procedures for public interaction with the Policy Board and Committees.
- As far as technically possible, access to MPO Policy Board and Committee members via email will be facilitated.
- All meetings of the Policy Board, Technical Committee and other MPO committees will

be open to the public and will be held in locations accessible to persons with handicaps and on public transit lines. In circumstances where electronic meetings are authorized and held, the meeting information will be posted on the MPO website at the time that the agenda is posted with details on how the public can access the meeting. Meeting information will also be distributed electronically.

- Arrangements will be made for interpreters for hearing impaired individuals, and every effort will be made to ensure provision of interpreters for non-English speaking persons, provided a request is submitted at least two days before the meeting. For meetings conducted electronically, interpretation services may be provided through closed captioning options.
- Every effort will be made for public hearings, workshops, and forums to be scheduled at times that are accessible and convenient.

## **2. Public Notice for Proposed Adoption of Major Documents**

- The MPO Policy Board will hold no fewer than two (2) public hearings and one 30-day comment period prior to the adoption of the Long Range Transportation Plan.
- The MPO Policy Board will hold at least one (1) public hearing and one 30-day comment period prior to the adoption of the Transportation Improvement Program.
- The MPO Policy Board will hold at least one (1) public hearing and at least one 2 week comment period prior to the adoption of:
  - The Unified Planning and Work Program
  - Other planning documents developed by the MPO requiring approval
- The MPO will advertise all public hearings at least two (2) weeks prior to the date of the hearing.
- The MPO will provide notice for the proposed adoption of major documents by:
  - Publishing legal notice in the *Daily Progress* two weeks prior to the public hearings
  - Emailing legal notice to the MPO Stakeholder mailing list and the media two weeks prior to the public hearing
  - Posting legal notice at the TJPDC Offices and on the TJPDC website
  - Posting notices in central places of low-income and minority communities
  - Providing notices to agencies and organizations that support or are affiliated with low-income and minority populations
  - DRAFT documents will be available on the TJPDC website and at the TJPDC offices two weeks prior to advertised public hearings
- Public information sessions and/or interactive workshops will be held regarding the LRTP, the TIP and other major studies affecting the region's transportation network as deemed necessary by the Policy Board, MPO staff, or requests from the public.
- Summaries of all comments received and responses to these comments will be included in the TIP, LRTP, and other relevant documents (i.e. meeting minutes).

### 3. Public Notice for Amending Major Documents\*

- At least one public hearing will be held prior to amending:
  - The Transportation Improvement Program
  - The Unified Planning and Work Program
  - The Title VI Plan
  - Other MPO Documents where a hearing is deemed necessary
- The MPO will provide notice for the amending of major documents by:
  - Publishing legal notice in the *Daily Progress* two weeks prior to the public hearings
  - Emailing legal notice to the MPO Stakeholder mailing list and the media two weeks prior to the public hearing
  - Posting legal notice at the TJPDC Offices and on the TJPDC website
  - Posting notices in central places of low-income and minority neighborhoods, such as Friendship Court.
- Materials documenting the proposed amendments will be made available two weeks prior for public review:
  - At the TJPDC Offices
  - On the MPO website
- Summaries of all comments received and responses to these comments will be included in the TIP, LRTP, and other relevant documents (e.g. meeting minutes).

### 4. Public Participation in the Development of the LRTP, UPWP, TIP, Plans, and Studies

During the updating process, the MPO will employ the following strategies as appropriate:

- Encourage and accept public input in a variety of ways (i.e. by mail, in person, website, phone, and via e-mail).
- Include a broad segment of the population in development of programs, plans, and studies by conducting regional workshops to obtain public input on transportation and land use issues.
- Conduct focus group meetings in traditionally underserved communities to ensure the interests of these groups are incorporated into long range planning efforts.
- Meet with and identify needs of other groups with special interests in the community.
- Continually experiment with a wide variety of marketing tools and visualization techniques (within limited budgets) to describe transportation plans (including LRTP and TIP) and to incorporate public participation into planning workshops.
- In developing the LRTP and TIP, the MPO will consult with agencies and officials responsible for other planning activities within the MPO that are affected by

---

\* †Minor technical, spelling, grammatical, and similar routine corrections to the LRP, TIP, and/or other TJPDC/CA-MPO documents shall not be required to be advertised per "2.Public Notice for Review and Adoption of Major Documents." Interpretation of the term minor shall be made by the appropriate state or federal agency at the time that the correction is to be made. For TIP related "adjustments," this is formalized in the "Unifying the System Improvement Process" (USIP) Memorandum of Agreement signed by VDOT, VDRPT and CA-MPO officials. The USIP MOA was approved on March 19, 2008. The USIP MOA shall be referred to in the interpretation of the term "minor" for TIP related adjustments.

transportation or coordinate its planning process with such planning activities.

- The MPO will consider other related planning activities within the metropolitan area when developing the LRTP, TIP, and other relevant plans or studies.
- The MPO will provide an additional opportunity for public comment if the final LRTP, TIP or other transportation plan differs significantly from the version that was made available for comment by the MPO and raises new material issues which interested parties could not reasonably have foreseen from the public involvement efforts.

## **5. Documentation of Public Participation**

- The MPO staff will create a notebook (or database) to record public comments and records of public opinion acquired from a variety of sources.
- The review process will help MPO staff evaluate its success at meeting Environmental Justice goals and Title VI regulations.
- Comments and other input that come to the MPO will be forwarded to all members of the MPO Policy Board in a timely manner to allow adequate consideration but, no later than its next meeting.
- Copies of the approved Participation Plan shall be provided to FHWA and FTA for informational purposes and shall be posted on the MPO website.

## **6. Communications with the Public and Community Organizations<sup>†</sup>**

- The MPO will coordinate with the statewide transportation planning public involvement and consultation process, as appropriate.
- The MPO will identify and communicate with populations traditionally underserved by the transportation network, such as those with disabilities and low-income persons through organizations and media outlets known to serve these populations.
- The MPO has identified locations of low income and minority communities using Geographic Information Systems (GIS) and has included this mapping data in the Title VI Plan. The MPO will also seek input from these communities throughout the planning phase, and specifically for the TIP and the Long Range Transportation Plan updates. Methods for communicating to this audience may include:
  - Presenting at or sponsoring a community meeting in the targeted area and/or
  - Seeking representatives from the community to participate in an MPO meeting focusing their concerns and/or
  - Seeking representatives from the community and/or from service agencies familiar with the needs of these communities
- Information regarding achievement of goals and deliverables identified in the UPWP will be provided for public review. A final report on the work programmed in the UPWP will be prepared and available for public review annually.

---

<sup>†</sup> The MPO Policy Board may act on an agenda item in the absence of proper notice with approval of a waiver of requirement by 75 percent vote.

- Meeting materials will be made available electronically and/or distributed to those on the MPO contact list and to the media approximately one week prior to the meeting.
- Notice will be sent to those on the MPO contact list approximately one week prior to each meeting to announce when meeting materials are electronically available.
- Arrangements will be made to accommodate individuals that require special assistance to review meeting materials and other documents and reports.

## Appendix A- Committees of the MPO

The following pages include descriptions of current MPO committees:

- MPO Policy Board
- MPO Technical Committee
- CTAC (Citizen's Transportation Advisory Committee)

Once approved by a committee, committee meeting schedules and membership may be changed without amending the Public Participation Plan. Any changes will be listed on the TJPDC website and included with other committee advertisement materials.

Advisory committees can be established for major studies and issues affecting the region's transportation network. Examples of such committees past and present include the Community Mobility Committee (CMC), and the Transit Technical Committee.

City and County citizens will be represented on the CTAC, the MPO Policy Board (via a CTAC representative), and the MPO Technical Committee (via a CTAC representative).

The meeting schedule for all committee meetings will be posted on the TJPDC and CA-MPO websites, [www.tjpd.org](http://www.tjpd.org) & [www.campo.tjpd.org](http://www.campo.tjpd.org), per provisions in the Public Participation Plan. Furthermore, special meetings will be held as it becomes necessary and shall be posted in accordance with the established procedures as well.

There are public comment periods at the beginning and end of all meetings held by all three MPO Committees.

### 1. Charlottesville-Albemarle MPO Policy Board

The MPO Policy Board is the decision-making body for the purpose of carrying out the continuing, cooperative and comprehensive ("3-C") transportation planning and programming process as defined in United States Code Title 23, Section 134 and Title 49 Section 1607; and in accordance with the constitution and statutes of the Commonwealth of Virginia. In carrying out its responsibility the MPO Policy Board shall:

- Establish policy for the continuing, comprehensive and cooperative transportation planning process;
- Develop the long range transportation plan for the urban study area;
- Review the Long Range Transportation Plan for the study area on an annual basis;
- Update the Long Range Transportation Plan no less frequently than every five years;
- Recommend action by other appropriate agencies;
- Revise the Long Range Transportation Plan study area, defined by the "cordon boundary", as required, and in conjunction with VDOT;
- Develop, in coordination with local governments and VDOT, socio-economic data for the regional traffic model;
- Develop and approve the annual Transportation Improvement Program and alter planning documents as required by the U.S. Department of Transportation Regulations, as amended;
- Perform or oversee other transportation reviews and evaluations; and,
- Develop and approve the Work Program and Public Participation Plan

Voting Members: Two Albemarle County Board of Supervisors Representatives, two Charlottesville City Council Representatives, and one VDOT Representative

Nonvoting Members: UVA Office of the Architect, JAUNT, CAT, CTAC member, TJPDC representative, FHWA, FTA, DRPT.

## **2. Charlottesville-Albemarle MPO Technical Committee**

The MPO Technical Committee is composed of individuals with technical knowledge in transportation and land use matters. It will provide technical review, comment, and recommendations on transportation plans, programs, studies and other appropriate documents, and on regional transportation issues.

The voting members of the committee shall consist of three (3) members appointed by the City of Charlottesville, three (3) members appointed by Albemarle County, one (1) designated representative from the Virginia Department of Rail and Public Transportation, one (1) member each from the University of Virginia, Jefferson Area United Transit (JAUNT), Charlottesville Area Transit (CAT), the A-95 Review Agency, and any other appropriate agency as determined by the MPO. Nonvoting members of the committee shall consist of one (1) representative each designated by the CTAC, the Federal Aviation Administration (FAA), the Federal Highway Administration (FHWA), the Federal Transit Administration (FTA), and the Charlottesville-Albemarle Airport Authority.

The Committee shall integrate land use and environmental considerations into all of its activities in order to forge a stronger link between transportation, land use, and the environment. The Committee will:

- Determine the influence of current data upon the Transportation Plan in relation to previous data and projected trends;
- Cooperate in the development of the procedures for the collection of traffic data and reassignment of traffic;
- Work with the staffs of the TJPDC and VDOT to review, comment, recommend, and assist VDOT, participating political jurisdictions, or the TJPDC on any proposal, alternatives, and work performed on the location and design of facilities in the Long Range Transportation Plan; and serve in an advisory capacity to the MPO

## **3. Citizen's Transportation Advisory Committee (CTAC)**

The CTAC is composed of citizens appointed by the City, County and MPO to represent a broad range of interests in the community. The purpose of CTAC is to advise and make recommendations to help the MPO plan a transportation system that is safe, efficient, and responsive to the needs of the broadest range of citizens in the region. The committee will meet as frequently as needed during plan updates, but will meet at least six times annually during interim years.

The committee shall consist of 13 interested citizens who reside within the Thomas Jefferson Planning District Commission's boundaries. Five (5) representatives will be appointed by the Charlottesville City Council, five (5) representatives appointed by the Albemarle County Board of Supervisors, and three (3) representatives will be appointed by the MPO Policy Board. Every effort will be made to ensure that the committee represents a broad range of interests and embodies the diverse character of the community.

Roles of the committee will be to:

- Host community forums to solicit public input;

- Present plan updates and recommendations for plan amendments to MPO Technical Committee for endorsement and approval by MPO Policy Board;
- Create Policy Guidelines for the operation of the Committee, to be approved by the MPO Policy Board, to assure consistent and equitable operations while providing accountability of the processes;
- Continue to assist, review, plan, and recommend to MPO Technical Committee on-going changes and needs to the current Long Range Transportation Plan;
- Serve in a project specific advisory capacity; and,
- Via its own initiative and public input shall identify multi-modal transportation problem areas and recommend solutions to the MPO Technical Committee for consideration and inclusion in the current Long Range Transportation Plan

## Appendix B- Section 5307 Grant Program

While a Federal Transit Administration grant applicant may choose to maintain a separate approach for complying with the public participation requirements of 49 U.S.C. Section 5307 concerning the applicant's proposed Section 5307 grant program, the grant applicant is encouraged to integrate compliance with these requirements with the local MPO's adopted public involvement process associated with the Transportation Improvement Plan (TIP). Charlottesville Area Transit chooses to integrate coordination with the Charlottesville-Albemarle MPO and gives formal public notice in this Public Participation Plan that the MPO's TIP development process is being used to satisfy Charlottesville Area Transit's public participation and public hearing requirements of Section 5307(c). The public notice of public involvement activities and time established for public review and comment on the TIP will satisfy the program-of-projects requirements of the Urbanized Area Formula Program. A project that requires an environmental assessment or an environmental impact statement will involve additional public involvement, as presented in joint FHWA/FTA environmental regulations, "Environmental Impact and Related Procedures," 23 C.F.R. Part 771.

# VIRGINIA BREEZE

## B U S L I N E S

The safety of our passengers and employees is our top priority. Virginia Breeze Bus Lines has implemented new safety procedures so you can travel with confidence.

## COVID-19 POLICIES AND PROCEDURES

Drivers and passengers 10 years old and over are required to wear a face mask at all times while on the bus, including while boarding and exiting.\*

After placing your luggage on the ground next to the luggage compartment, please move away so staff can maintain a 6-foot distance while stowing it.

Be prepared to read your reservation number to our staff, rather than handing them your ticket, to maintain proper social distancing when boarding.

Buses are currently operating at 50% capacity, with an empty seat next to each passenger. However, passengers traveling together, such as members of the same household, are permitted to sit together in a shared row.

Customers are encouraged to bring a travel kit on board with hand sanitizer, disinfecting wipes, and gloves.

\*This does not apply to any person who has health conditions that prohibit wearing a face covering.

Virginia Breeze Bus Lines looks forward to providing you with a safe and comfortable trip. If you have any questions, please call Megabus customer service at 877-462-6342.
