

Ridge Street Multimodal Improvements

Ridge Street Multimodal Improvements

Project Description

This project will improve multimodal transportation between Cherry Avenue and West Main Street. Project will reallocate some of the space currently used for on street parking to add infrastructure along the corridor. It will tie together two other smart scale projects - West Main Street Phase 1 and the Ridge/Cherry intersection improvements.

Cost Estimate

Preliminary Engineering	\$0.9 million
Right of Way Acquisition	\$0.9 million
